

MFC Grinder Range

Name	G125	G175	G250
Typical use case	Moulded fibre producers, other small volume applications	Tissue mills, small paper mills	Medium to large paper/board mills, MFC coatings
Grinder footprint (m)	1.1 x 1.1	2 x 2	2.6 x 2.6
Max height (m)	3.8	4.6	7.5
Throughput (dry kg MFC/h)	12	70	140
Production capacity (dry tonne MFC/yr)	100	600	1200
Rated motor power (kW)	37	160	355
Suitable feedstocks	All chemical pulps and most recycled pulps	All chemical pulps and most recycled pulps	All chemical pulps and most recycled pulps
